

FAMILY SHIELD MINISTRIES

Take up the shield of faith (Eph. 6:16)

April 2021

Dear Family Shield Friend,

Greetings in our Savior's name! Thank you for your encouragement, prayers, and financial support as we proclaim the gospel and transform lives now and for eternity! We appreciate you so much!

Family Shield Ministries invites you and your family to take a Family Prayer Walk together!

The Family Prayer Walk (FPW) allows us to expand our prayer ministry as we strengthen and reach families for Christ. Download the digital flyer on our website. We are producing print, digital and media resources to help you teach your children and family about prayer and the Lord. We recently completed a radio program about the FPW and will answer questions in our email newsletter and our Facebook page.

The syndicated *Family Shield* radio program is heard on over 50 stations throughout the United States and the podcast is available on the Internet. Did you know you can subscribe to the podcast and have it sent to your cell phone, I-Pad or computer? It is easy and free! Check it out here: <https://familyshieldministries.com/category/podcast/>

Page two

Recently I interviewed Martin, a young father who shared a college experience that changed his life. He was 19 years old and attending college for the first time. He had been raised in a Christian home and was excited to be in an Old Testament class. Then his professor told the class that the teachings they had heard about Christ as they grew up were not true. He told them, "Miracles don't happen. What you learned in Sunday school is not true!" This shook Martin up, as it did many of his classmates. But rather than just believe the professor, Martin went to a Christian bookstore and bought *Defending the Faith* by Josh McDowell. This apologetic book helped him learn how to defend his faith.

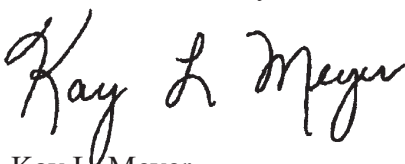

In today's world, parents are concerned about their youth when they send them to college or work. How do we equip them to defend their faith against false teachings and dangerous beliefs? And why do we need to know God's Word to defend our faith? Martin and I discussed ways parents can prepare youth and young adults to contend for the faith (Jude 1:3).

I am always so blessed when I interview my guests! It is not only a blessing for me, but for the hundreds of thousands of people who listen to our program each week.

Thank you for your support, which allows us to continue to produce, air, and distribute programs and accomplish our gospel outreach in the ripe and plentiful harvest. Your ongoing and faithful support allows us to proclaim God's love to many people who don't know Christ! Please prayerfully consider a gift of \$1,000, \$500, \$250, \$100, \$50, or whatever amount the Lord leads you to give.

Your partnership in proclaiming the gospel is making an eternal difference in the lives of those we reach, equip, and serve. Thank you for caring about families.

In His Service and yours,

A handwritten signature in black ink that reads "Kay L. Meyer". The script is fluid and cursive, with the first letters of each name being capitalized and prominent.

Kay L. Meyer
Founder, President & Host

P.S. Let us know how your Family Prayer Walk went or if you have questions. We encourage you to fill out the FPW survey under "Prayer Ministry" on our website, www.familyshieldministries.com. When you submit the survey, please also submit a picture from your walk that we can share on our Facebook page. Find additional resources about prayer and prayer walking on our website as well.
